

Rotorwing 'Gotcha's' for General Aviation Helicopter Pilots & Instructors

GA accounts for the highest number of helicopter accidents in the nation. Striving to lower the GA accident rate, the FAASafetyTeam and HAI have joined forces to provide safety seminars for GA helicopter instructors and pilots. This program will provide valuable insight into the causal factors that repeatedly plague the General Aviation helicopter community. The featured speaker is Stan Rose, HAI Director of Safety. Registration at FAASafety.gov (Seminars).
