

Wichita (ICT) Tower Operation Raincheck

Receive a briefing on air traffic control and Wichita Tower and Approach Control services. Tour the tower and radar room and control traffic in our simulation lab. Wings credit available.

Directions: The Air Traffic Control Tower is located just to the east of the Wichita Mid-Continent Airport Terminal. No specific event parking is available. The short term parking lot across from the terminal is the closest public parking to the tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
