

Takeoffs, Landings, and Go Arounds - WHAT COULD POSSIBLY GO WRONG!

Accident statistics show Takeoff and Landing are the most critical phases of flight. This seminar will discuss the importance of aircraft and airspeed control and recognizing the visual cues during the transition from cruise to landing.

Directions: Media Center at the Wichita Eisenhower Airport Doubletree Hotel.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
