

The Doctor Is in the House

Dr. Bradley Harrison is a pilot and Senior Aviation Medical Examiner and an expert on navigating the FAA medical process. Getting and keeping your medical is an essential process for pilots to keep flying. With Basic Med, MOSAIC and the standard FAA medical certificates there are a range of options for pilots depending on their aviation objectives. Dr. Harrison will discuss and answer questions on all the alternatives.

The Auditorium is on the second floor of the library.
