

## RNAV Revealed Encore Presentation

For over a dozen years, pilots have used Area Navigation (RNAV) to fly direct, navigate more accurately, save time, reduce fuel expense and operate more confidently. But the technology that changed how you fly continues to evolve. Are you keeping up? In this encore presentation of our popular RNAV Revealed webinar, we'll provide a refresher on some critical RNAV basics, reveal a few tips and tricks to help you get more from today's technology, and offer you actionable insights for your next flight—and every flight after that.

**Directions:** To attend the RNAV Revealed Encore Presentation webinar, please register using this link: <https://cc.readytalk.com/r/rsflovmeep3f&eom>  
Once you register, you will receive a confirmation email that will contain your unique link to the webinar. You will not need to register on the faasafety.gov site to receive credit for attending this online webinar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
