

FAASTeam presents:

ADS-B Made Easy

No question, ADS-B represents the next big technological leap for aviators of all levels. Look no further than the ADS-B 2020 mandate for proof. This emphasis on ADS-B has left a number of owners and operators with a lot of questions: What's so good about it? Why is it here anyway? Do I really have to comply? How does it work? Are all systems the same? Garmin and Jeppesen have teamed up to create a truly unique webinar to answer all of your ADS-B questions. More importantly, this webinar will give you the insights to appreciate the value of ADS-B today, as well as a few key insights on how to be compliant tomorrow.

Directions: To attend the ADS-B Made Easy webinar, please register using this link:
<https://cc.readytalk.com/r/dwnubec7a4c1&eom>

Once you register, you will receive a confirmation email that will contain your unique link to the webinar. You will not need to register on the faasafety.gov site to receive credit for attending this online webinar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
