

FAASafetyTeam presents:

## Loss Of Control

Are you considering learning the art of operating a 'taildragger'? Perhaps you have, and seek more information?

Please join FAA Safety Team Mgr., Bob Hill, as he speaks to the differences of tricycle and tailwheel, and addresses the challenges that lead to many conventional gear airplane mishaps.

**Directions:** Please utilize the map link.

### A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
