

## IMC Club Monthly Meeting

This is the monthly meeting of the Louisville IMC Club.

This month we will take a look at a pilot's rapidly developing situation and turn it around and look at it from the air traffic controller's perspective. We will discuss what help is possibly available from that avenue and if we really want that help. Monthly meetings use real-world scenarios at each meeting to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend.

**Directions:** The Aero Club is on the field at KLOU. Enter the building at the main double doors. Turn left into the conference room.

### A message from the National FAASafety Team Manager
