

IMC Club Monthly Meeting

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences.

We also have occasional guest speakers. The scenario we will discuss at this meeting is: A pilot with a possible fire onboard has to make a choice of what to do out of a host of less than optimal choices.

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member or instrument rated pilot to attend.

The Aero Club is on the field at KLOU. Enter the building at the main double doors. Turn left into the conference room.

A message from the National FAASTeam Manager
