

## IMC Club Monthly Meeting

**The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.**

**Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences.**

**We also have occasional guest speakers. The scenarios we will discuss at this meeting are: Fuel contamination and inadvertent VFR into IMC among other topics.**

**Bring your EFB, your experience, and your questions, and be ready to participate.**

**All are welcome. You do not need to be an EAA member or instrument rated pilot to attend.**

The Aero Club is on the field at KLOU. Enter the building at the main double doors. Turn left into the conference room.

**A message from the National FAASTeam Manager**
