

## IMC Club Monthly Meeting

**This is the monthly meeting of the Louisville IMC Club. At this meeting, we will discuss one of a pilot's worst nightmares, a control failure, as well as a varied assortment of possible scenarios that we face every day in flying. We will also cover safety in aviation in general. Our moderators have a wide and varied level of experience in aviation. Jim is a retired UPS pilot and flew the B727, B747, and the MD11. He has flown for the regional carriers, Part 135, and corporate. He was a line pilot as well as an instructor at each airline having logged over 25,000 hours. Randy is a retired air traffic controller with 27 years of radar approach control behind him as well as being an instrument-rated private pilot. He grew up in aviation and is founding president of the Kentucky Pilots Association. Together they cover a wide swath of aviation and strive to direct the meetings towards everyone sharing their own experiences. You do not have to be instrument-rated to attend, only have a desire to become a better and safer pilot.**

The Aero Club is on the field at KLOU. Enter the building at the main double doors. Turn left into the conference room.
