

Loss Of Control Series

Are you considering learning the art of operating a 'taildragger'? Perhaps you have, and seek more information?

Please join FAA Safety Team Mgr., Bob Hill, as he speaks to the differences of tricycle and tailwheel airplanes, and addresses the challenges that lead to both conventional gear and tricycle gear airplane mishaps.

Directions: Please utilize the map link. From Donelson pike, turn onto Knapp Blvd, then left onto Hangar Lane. Bldg#4251, Park in rear, and proceed to the second floor Room 227.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
