

Nashville IMC Club Monthly Meeting

It's a crystal clear night as you descend for Santa Maria, CA on an IFR flight plan. You're feeling secure and ahead of the airplane until ATC throws you a curveball that puts even your basic safety into question. How can this be? Find out where the pilot almost made a lethal decision, and how to avoid making the same mistake.

Directions: Meeting will be held in the offices of Nashville Flight Training. Please use map link to show location.

A message from the National FAASTeam Manager
