

Nashville IMC Club Monthly Meeting

Sometimes pilots get a little lazy with their preflight planning. It's human nature...we make so many flights with no issues that a little complacency can creep in. The flight in this scenario isn't dangerous, yet a simple lack of planning put our scenario pilot in a serious jam. Ride along so you can avoid this needless mistake.

Directions: Meeting will be held in the offices of Nashville Flight Training. Please use map link to show location.

A message from the National FAASTeam Manager
