

Nashville IMC Club Monthly Meeting

Low IFR conditions just over the mountains tempts two pilots with perfect conditions to practice IFR. It all goes as planned until one surprise event creates a cascade of consequences. Which devil would you choose if forced to weigh multiple benefits that come with multiple drawbacks? There are no easy choices, and none come for free.

Directions: Meeting will be held at the Gassaway Building at Nashville International Airport. Please use map link to show location.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
