

The Monthly EAA Chapter 1494 IMC/VMC Meeting

Please join our host, Certified Instrument Flight Instructor, Bob Dilk, as he guides us through a discussion on Loss of Control (LOC) involving several incidents and accidents, including pilot induced oscillations, botched go-arounds and disorientation.

Learn some tips and tricks and some available equipment to aid preserving control of your aircraft in various conditions.

The meeting will be held in the Morristown Airport FBO main conference room. A road map is linked if needed.

A message from the National FAASafetyTeam Manager
