

## The Monthly EAA Chapter 1494 IMC/VMC Meeting

Please join our host, Certified Instrument Flight Instructor, Bob Dilk, as he reviews Aircraft Landing Performance and Runway Excursions (AC 91-79B).

The information to obtaining informative and useful ways to identify, understand, and manage the risks associated with the landing phase of flight. Your responsibilities with pre-flight planning and landing distance assessment, and flying stabilized approaches. Learn how wind, pilot error, and runway condition can effect landing distances.

The meeting will be held in the Morristown Airport FBO main conference room. A road map is linked if needed.
