

The Monthly EAA Chapter 1494 IMC/VMC Meeting

Please join our host, Certified Instrument Flight Instructor, Bob Dilk, as he guides us through a discussion about employing Standard Operating Procedures (SOPs) in General Aviation (GA). A system safety approach that can aid in breaking the GA accident chain.

Bob will discuss the SOPs for typical single pilot, single engine operations. Threat and Error Management, personal minimums, pre-departure briefings, and advanced pre-flight planning, are a few considerations..

The meeting will be held in the Morristown Airport FBO main conference room. A road map is linked if needed.

A message from the National FAASTeam Manager
