Nashville FAASTeam presents:

The Monthly EAA Chapter 1494 IMC/VMC Meeting

Foreflight is a popular aviation application (app) for flight planning and inflight situational awareness.

Please welcome CFII, Bob Dilk, as he guides us through an interactive demo using the Foreflight app connected to a Redbird TD-2 BATD, and simulating an actual flight.

Many new features within the Foreflight app will be demonstrated and explained including the Glide Advisor. Be sure to bring your iPad and join the demo with us.

New Location! The new hangar on NE end of airport, next to the TCAT parking lot.

There is a new walk-through gate that allows access from the
