

FAA Safety Standdown 2013

Meet your fellow aviators at the 4th Annual National Safety Stand Down. This year pilots across the country will come together as a Safety Community to participate in an interactive program devoted to Local Safety Issues, Loss of Control, and the number one aviation fatal factor – Human Error. Take this opportunity to join fellow airmen, participate in dynamic discussions, and gain practical insights on how you can learn from accident reports and reduce risk in your own flying. Please Register on-line if you think you may attend. This never obligates you to attend nor do you need to cancel your registration if your plans change.

Directions: EAA Hangar

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
