

Tips and Traps for Take-Off & Landing

This discussion based seminar, presented by David Perdue, Jr, steps us through the interwoven factors that affect aircraft and pilots in the most critical phases of flight - take-off and landing. Our objective is to gain or review our working knowledge of these factors and improve our situational awareness and decision making skills.

Directions: Main meeting room

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
