

Energy Management

Very few instructors teach energy management but that is all you will have should your engine quit. Would you know what to do? Our speaker, Steve Dee, is known as "the Glider Guy" at Charles Baker, where he flies and teaches in gliders. Steve's presentation will focus on a broad spectrum of flight elements whose common theme is energy management. Come prepared to ask questions and take part in the discussion!

Directions: Main Meeting Room

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
