

Pilots: what can you learn from JFK, Jr.'s fatal final flight?

Why did he not use the autopilot? Did a recent ankle injury affect the flight? Was there pressure to continue into instrument conditions? Did his flight conflict with an airline flight? Why was he not talking to controllers? What did the autopsy show? Just how bad was the weather? Why was he piloting alone?

On **Thursday, March 20** at **6 PM**, we will uncover several critical errors President Kennedy's son made on his way to a wedding. The **conference room** at **McKellar-Sipes Airport** in **Jackson, Tennessee** is the place.
