

The FAA Safety Team presents:

# Don't Lose Control!

Loss of Control In-Flight was the dominant cause of fatal general aviation accidents over the last decade. Loss of Control refers to accidents resulting from situations in which the pilot should have either maintained or regained control of the aircraft, but did not. Don't Lose Control! Join the thousands of other pilots across the country that have attended this exciting briefing!

**Directions:** The Malone Airport is located just west of the town of Malone on route 11. Seminar in the Malone Airport's main hanger.

## A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
