Select #: EA0145049

Lead Representative JOHN ROBERT MORROW

Loss of Control In-Flight was the dominant cause of fatal general aviation accidents over the last decade. Loss of Control refers to accidents resulting from situations in which the pilot should have either maintained or regained control of the aircraft, but did not. Don't Lose Control! Join the thousands of other pilots across the country that have attended this exciting briefing! Attend this exciting event and earn WINGS credit! Knowledge and Proficiency are the foundations of safe aviation operations.

**Directions:** From US 209 Exit on Enterprise Dr., turn left off exit, go 1/4 mile to stop sign, left to town hall 500' on left.

### **A message from the National FAASafety Manager**

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
