

## FAASafety Flight Instructor Open Forum

Aviation educators are vital and influential; they are the gateway for those entering pleasure, business, and commercial flying. Instructors advance pilots through a regulated system of certificates and ratings, transitioning pilots to different aircraft and technologies, and ensuring that pilots satisfy FAA, insurance, and flight school or company recurrency requirements. Though the reasons for increased attrition among students and other pilots are many, instructors often represent the first and last lines of defense to motivate pilots to continue in aviation. Join your flight instructor colleagues and make a difference in flight training safety.

**Directions:** Million Air is located just South of the main terminal on Jet Way Drive.
