

## Stabilize Your Approach

This two hour event, coordinated by the Albany FAASTeam and presented by FAASTeam Representative, Ningyun Cai; will contain information of interest to all pilots.

During this months Seminar, we will present The Topic of The Month, The Stabilized Approach. The stabilized approach is the foundation of a successful landing. Nearly 20 percent of fatal accidents occur during the approach phase of flight. Pilots should always be prepared to go-around and practice their go-around procedures.

This two hour event will be held at Av Flight, located at the southeast side of the airport below the beacon and tower. This seminar will be held in the 1st floor Conference Room at Av Flight at the Plattburgh Airport. Street address: 1 Alabama Street, Plattburgh, NY. No landing and facility fees for aircraft <12,500lb.
