

Loss of Control and Use of New Technologies

This is a two hour event, coordinated by the Albany FAASTeam and presented by FAASTeam Representative, Ningyun Cai. There will be information of interest to all pilots.

During this months Seminar, flight Instructor Ning will present The Topic of The Month, Roadblock Reduction by the FAA in support of new technologies. She will also discuss how to prevent loss of control and encourage the use of angle of attack indicators.

This two hour event will be held at Av Flight, located at the southeast side of the airport below the beacon and tower. This seminar will be held in the 1st floor Conference Room at Av Flight at the Plattsburgh Airport. Street address: 1 Alabama Street, Plattsburgh, NY. No landing and facility fees for aircraft <12,500lb.
