

Avoid Controlled Flight Into Terrain (CFIT) Plan Ahead

This two hour event, coordinated by the Albany FAASTeam and presented by FAASTeam Representative, Ningyun Cai. It will contain information of interest to all pilots.

During this months Seminar, we will present an interesting discussion about what happens when an aircraft is flown inadvertently into terrain. This mistake is almost always a deadly one. Knowing your aircraft, making wise choices and being aware of your surroundings is an important part of avoiding a CFIT accident.

This two hour event will be held at Av Flight, located at the south-east side of the airport below the beacon and tower. This seminar will be held in the 1st floor Conference Room at Av Flight at the Plattsburgh Airport. Street address: 1 Alabama Street, Plattsburgh, NY.
No landing and facility fees for aircraft <12,500lb.
