

Non-Towered Airport Operations Community Gathering

Saratoga has recently experienced an increase in operations due to the newly renovated facility, the opening of a new restaurant, a busy summer horse racing season, several flight training activities, and a very active glider club. This meeting will be a unique opportunity to foster constructive communication and collaboration within the flying community, as we gather together to discuss ways to mitigate the risk of flying in a very busy non-controlled airspace.

This event will be broadcast via ZOOM. If interested in attending from home, please contact Chris Coleman at chris.coleman@faa.gov, for further instructions.

The Saratoga County Airport is located Southwest of Saratoga in Ballston Spa NY. Take Geyser Road to the airport entrance, parking is directly in front of the main building. This seminar will be held in the newly renovated Hanger attached to the FBO Building.
