

# LWB Pilot and Airport User Town Hall Meeting

The Control Tower will be here to discuss airport operations and runway safety issues here at the LWB airport. Reducing the potential for runway incursions and runway collisions is a top priority for the FAA. The purpose of an RSAT meeting is to analyze the operations on the airport to ensure appropriate safeguards are in place to reduce the risk of runway incursions and surface incidents.

**Directions:** See Map Link to the Conference Room in Terminal Building

## A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
