

Inspection Authorization 8-hour Refresher Course

FAA approved 8-hour IA Refresher Course presented by FAA, various industry vendors and manufacturers. Course meets the IA renewal requirements mandated by 14 CFR 65.93(a)(4). The course also meets the training requirements of the FAA's AMT Awards Program. Topics include de-ice systems, vacuum systems, small and large aircraft brakes, Lycoming engines, Slick and Champion products, avionics, using failure analysis to improve inspections, and regulations. Meeting begins at 8AM and ends at 5PM. Don't miss this exciting opportunity to interact with the numerous industry vendors, manufacturers and FSDO Inspectors. Register today!

Directions: Community Room upstairs in the Terminal Building, please follow the signs. Also, view the map link in the "Additional Seminar Information".

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
