

National FAASTeam presents:

FAASteam CFI Workshop #8

Begin or continue the CFI Workshop Series with this Workshop's Core Topic: "Pilot Deviations including Runway Incursions". Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors-in-Training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training!

Directions: See Map Link to the Conference Room at the Airport Authority Office

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
