

The FAA Safety Team presents:

## You Deserve to Live!

Weather is among the most important elements in the go/no go decision for flying. You can't have too much weather education. Specifically we will look at thunderstorms and the different stages of development. Also, we will look at other hazards such as Icing, Turbulence and IMC. Please click on the link below to see more details and to register for this event TODAY. Seating is limited!

**Directions:** Please see map link for directions, seminar will be in the large hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
