

IMC Club Monthly Meeting - Failure To Communicate

Radio communication is vital, especially during IMC in busy airspace. In this meeting we will discuss some of the things that can possibly go wrong and what to do about it. The IMC Club, through its nationwide chapters provides organized “hangar flying” focused on building proficiency in instrument flying. Safety and proficiency are developed through education and experience. These monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. You do not have to be instrument rated to attend. Click on the link below and register TODAY.

Directions: Conference room

See map link in additional Information section below.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
