

SCRM and Flying the iPad IFR

This workshop is a hands-on demonstration of the ForeFlight iPad application. Select features of ForeFlight, including flight planning, flight plan filing, and customizing data fields will be demonstrated, as will some advanced techniques for defining waypoints, routes and IFR procedures. Bring your iPad! Click the link below and register TODAY!

Directions: Conference Room Terminal Building
See the map link in the additional seminar information section below.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
