

## Preflight Actions

This is based around 91.103 and focuses on the regulatory issues of preflight rather than the “walk around”. Beyond the Preflight is designed to enhance your aircraft preflight knowledge beyond the standard use of a preflight checklist. This program will teach you additional items and techniques you can apply to the preflight inspection in conjunction with the standard aircraft preflight checklist to help reduce your risk of an accident! Click on the link below and register TODAY!

**Directions:** Conference Room Terminal Building

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
