

Training for Crosswind Landings

Crosswind landings are the number one real-world weather related cause of accidents in General Aviation. At this seminar you will learn how crosswinds cause accidents and how to make them a non-issue. Don't miss this exclusive event. Click on the link below and register TODAY

Directions: Hangar Southwest of Terminal - to the left of Terminal when viewed from parking lot.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
