

# Its Almost Summer - Let Us Not Lose Control - of the Aircraft - That Is!

At this exclusive seminar we will review spatial orientation and the sensations associated with normal flight maneuvers. How does a perfectly good aircraft end up in a Loss of Control Accident? Attend this meeting to find out how these topics affect you as a pilot. This knowledge could save your life. Click on the link below and register TODAY.

**Directions:** Follow signs to Community Hangar on the east side of airport.
