

Let Us Not Loose Control - of the Airplane - That Is!

Every year countless aircraft depart from controlled flight, unfortunately many pilots do not regain control prior to impacting the ground, resulting in serious injuries or death. Be prepared to learn how to properly maintain control of your aircraft. This meeting will also include a briefing on the current rules and the upcoming new Part 107 rule for drones. To learn more about this topic and how to avoid a related accident, click on the link below and register TODAY.

Directions: The meeting will be held in the North Coast Flight School Hangar.
