

Know Your Airplane

It's important to know your airplane and its systems especially when things start to go wrong. How well do you know your pilot operating handbook? At this meeting we will use a video presentation of a scenario to spark a conversation on in-flight decision making. Don't miss this meeting. Click on the link below and register TODAY.

http://www.faa.gov/regulations_policies/advisory_circulars/index.cfm/go/document.information/documentid/22624

Directions: The seminar will be held in the conference room below the restaurant.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
