

## Drones Are Here to Stay

Training, public education, and safety issues for hobby & recreational flyers. Software – restrictions, no-fly zones, airport proximity, and aviation safety. Learn about airspace restrictions, especially around airports, so your UAS does not endanger people or other aircraft.

**Directions:** Located on the East Ramp. Parking is available in the circle or the parking lot to the West. Walk towards the terminal and follow the black railing to the right past the Stat Medevac building. There is a small gate that allows access to the ramp. You will be able to access the flight school by a short walk across the ramp.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

### Event Details

Sat, Aug 5, 2017 - 11:00 EDT  
PFTC ( Pittsburgh Flight Training  
Center)

Hangar 7

West Mifflin, PA 15122
