

CFI/DPE Forum

As Flight Instructors, setting the stage for a lifetime of proficient flying is as much a part of our job as any other lesson we impart upon our students. Continued Pilot Proficiency is as important for the fair weather flyer as it is for the most seasoned pilot. At this informative meeting, we will discuss steps we can take to guarantee our students plan for proficiency in the future, long after they pass their practical test. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

Directions: The meeting will be held in a classroom across from the Conference room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
