

The FAA Safety Team presents:

# Helicopter Safety-'Preventing Loss of Control' (WEBINAR)

Join us at this informative Helicopter Safety Webinar presentation "Preventing Loss of Control". Our guest speaker Michael Reichert is currently an FAA Safety Inspector, who worked as a Designated Helicopter Pilot Examiner before joining the FAA. At this webinar we will cover: What is Loss of Control, Examples of Loss of Control, Factors that Lead to Loss of Control and the Maneuver Initiation Envelope. Please join the discussion with the goal of reducing Helicopter Accidents through continued education. Please disregard total number of seats available at facility, please register at the GoToWebinar link below.

**Directions:** Please register for Helicopter Safety "Preventing Loss of Control" on Dec 17, 2015 7:00 PM EST at: <https://attendee.gotowebinar.com/register/1524597487333861121> After registering, you will receive a confirmation email containing information about joining the webinar. Brought to you by GoToWebinar@Webinars Made Easy® There are 1000 virtual seats. You need a computer or a telephone to attend.

### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
