

The FAA Safety Team presents:

# Learning From Mishaps

At this safety meeting we will take a look at some of the causal factors of aircraft accidents that occurred in the Allentown Flight Standards District Office (FSDO) during FY 2015. We will discuss prior accidents for the purpose of education and promoting safety, in an effort to reduce the possibility of other pilots having similar accidents. The safety seminar will begin at 1930 and will be preceded by a grill your own dinner at 1800, please see details and contact information for the dinner in Additional information. Please register for this event today as seating is limited. !!!

**Directions:** From US 422, take the Sanatoga exit. Turn right at the end of the off ramp (same from 422 east or west) onto Evergreen Road, which will continue onto Ridge Pike. Take Ridge Pike past the airport entrance to Airport Road. Turn right on Airport Road and enter the gate just south of the runway. Follow the entrance road past Heller's Aero Service and onto the taxiway. Follow the taxiway, past the segmented circle and wind T, then turn left into the driveway to the Roost!

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
