

FAA Safety Team presents:

Illegal Air Charter Operations Information Meeting

Illegal Air Charter Operations pose a serious safety hazard to the traveling public and the FAA is working aggressively to identify and stop those illegal operations. Our FAASafety Team Representative and CFI, David Cooke is also an Aviation Attorney and will be presenting this informative discussion in which we will highlight material that will help you identify a company that may not be a legitimate operator. In addition, help you as pilots avoid engaging in your own operations, however well intentioned, that would be considered illegal air charters.
