

FAA Safety Team presents:

Maintain Positive Control - Live to Share Your Story!

Please join us for this exciting seminar. We have all read about other pilots who made poor decisions and paid the ultimate price. How do pilots get into Loss of Control situations? How do we manage the cockpit in all phases of flight? Can "Get-There-Itis" play role in your life too? Have you ever flown VFR into IMC? Our guest speaker, a FAASTeam Rep and CFI, will discuss these important questions and others to help keep us from Losing Control!

We will also hear from our local EAA Chapter 70 regarding Young Eagles, and other upcoming events. Bob Kutzler President of the Lehigh Valley Flying Club (LVFC), with over 37 years in leadership at LVFC will share his thoughts about the affordable option a flying club has to offer.

Seating is limited so please register today at the link below!!

Refreshments will be provided

Directions: Please see map for instructions, seminar will be in Hangar 3
