

Propellers and Protocols for Drone Awareness

Join me for this Drone Safety Event—a community-focused event promoting drone awareness and safe flying practices, taking place on May 31, 2025 from 11AM till 2PM. Open to all drone enthusiasts and the general public, this event will cover essential topics including Drone Safety, emerging drone technology, the role of drones in emergencies, Trust, and Part 107, and will feature live drone demonstrations. Handouts will be provided to help new hobbyists get started and offer valuable guidance for those exploring commercial drone use. Whether you're just curious about drones or looking to elevate your operations, this event is a great opportunity to learn, connect, and fly informed!

Please see flyer below in Additional Documents or at NEPA drone website!
