

The Human Factor

Join us for a high-level discussion of the human performance issues that may affect the safe outcome of a flight. We'll explore dealing with the physical, intellectual and emotional challenges of flight. We'll also point you to a series of courses on FAASafety.gov where you can learn more.

If arriving via Route 33, take the Tatamy exit and head east on Main Street, then turn south onto Sullivan Trail. The airport and parking will be on your right.

A message from the National FAASafety Team Manager
