

The FAA Safety Team presents:

## Back to Basics!

With the rapidly increasing cost of flying, particularly aircraft maintenance, what can you as a pilot do to reduce these costs? Attend this informative briefing and find out! This is one of the six seminars available at the Maryland Regional Festival of Flight. Don't miss it!

**Directions:** Please see the "Additional Seminar Information" for important driving and fly-in instructions.

### A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
